	pieces and carrying troops with red-bordered black enaulets, and one truck with a field kitchen moved along Karl Liebkmechtstrasse towards the Alvensleben Kaserne on 24 Earch. It appeared to have come from the direction of Guben or Forst. The artillery pieces were of about 150-mm and were mounted on four-wheel, rubber-tired long carriages, with spoked front wheels and disk-shaped rear whools. It could not be determined whether the convoy was loaded on train No 19232 going from Sottbus to	
	Jueterbog on 27 Harch. A truck convoy moving along Karl Liebknechtstrasse toward the railroad station on 27 Harch consisted of four trucks, each carrying a canvas-covered range finder on a tripod mount; three trucks loaded with troops and equipment; and a special truck, apparently a molile telephone exchange. the convoy came from the Alvensleben or Funker Kaserne and was loaded on train	50X1-HUN 50X1-HUN
7.	No 19232. On 10 March, Colonel Yokhinka or Yokhenko (fmu) was identified as the	
	commanding officer of the troops in the Alvensleben Kaserne. Six trucks, each of thich towed an artillery piece of about 105 mm, moved into the installation at the beginning of March.	50X1-HUM
8.	a unit from the Sachsenderf Kaserne would allegedly be transferred to Gera or Erfurt.	50X1-HUM 50X1-HUM
	troops from Cottbus were to be transferred to the western portion of the Soviet Lone of Jermany. Motor vehicles were identified in the billioting area. **	50X1-HUM
2•	In early March the Funker Kaserne quartered a motor transport company and an AA battery with four light guns of about 30 mm caliber. Two more AA guns and several shipments of a munition arrived at the installation between 4 and 10 larch.
